

International Workshop

Ionic Liquids: Melting Temperature, other Properties and Applications

Day: 20 Thursday afternoon

- 15:00 Presentation
- 15:15 Do we know what an ionic liquid is?. Speaker: Ken Seddon (QUILL, UK)
- 16:00 Can we really estimate the melting temperature of ionic liquids? Speaker: José O. Valderrama (Univ. of La Serena & CIT, Chile)
- 16:30 The chemical homology concept applied to the melting temperature of imidazolium-type ionic liquids. Speaker: Richard Campusano (Univ. of La Serena, Chile)
- 17:00 Molecular dynamic simulations determination of selected thermo-physical properties of ionic liquids and mixtures. Speaker: Guillermo Reyes (Univ.del Bio Bio, Chile)
- 17:30 Coffee, refreshment and good conversation

Day: 21 Friday morning

- 9:30 The impact of nanostructure and isomerism on the melting points, vapor pressures, and other thermophysical properties of ionic liquids. Speaker: João Coutinho (Univ. of Aveiro, Portugal)
- 10:15 Variation of the Melting Temperature for Imidazolium-type Ionic Liquids Speaker: Claudia A. Aquea (Univ. of La Serena-Chile)
- 10:45 Coffee Break
- 11:30 New Ionic Liquids & Processes for Lignocellulose Fractionation & Processing, Speaker: Jyri-Pekka Mikkola (Umeå University, Sweden)
- 12:00 Switchable ionic liquids for wood fractionation. Speaker: Päivi Mäki-Arvela (Åbo Akademi University Finland)

Day: 21 Friday afternoon

- 15:30 Use of ionic liquid as pretreatment for algae towards bioethanol production. Speaker: Ricardo Pezoa (Åbo Akademi University, Finland)
- 16:00 Comparison of chromatographic and capillary electrophoresis analysis methods used for ionic liquid mediated biomass samples. Speaker: Sari Hyvärinen (Åbo Akademi University, Finland)
- 16:30 Round Table: Ongoing projects at QUILL, Aveiro and La Serena
Ken Seddon, João Coutinho and José O. Valderrama
- 17:15 Closing words
- 17:30 Farewell cocktail

International Workshop

March 20 and 21, 2014

Ionic Liquids: Melting Temperature, other Properties and Applications

Key Speakers (alphabetical order):

Dr. João Coutinho
University of Aveiro
Aveiro - Portugal

Dr. Kenneth Seddon
QUILL Center, Queen's University
Belfast, Northern Ireland (UK)

Dr. José O. Valderrama
Dept. de Ing. Mecánica
Univ. of La Serena

Organisers:

Facultad de Ingeniería ULS
Dept. de Ing. Mecánica
Universidad de La Serena

Sponsors:

Comisión Nac. de Invest. en Ciencia y Tecnología
Proyecto Fondecyt 1120162
Centro de Información Tecnológica (CIT)

Coordinator:

Dr. José O. Valderrama
Dept. de Ing. Mecánica-Univ. de La Serena

Venue: Salón CETECFI, Faculty of Engineering ULS, La Serena -Chile
